Major Changes in Net Sales

Major Changes in Operating Income

Management Strategy

Issues and Management Strategy of Nichii Group

Issues to be addressed

Management Strategy

Responsiveness to changes in business environments

Promotion of strategic businesses based on globalization

Retention of human resources and further establishment of training systems

Strengthening business promotion capabilities through strategic recruitment and training of human resources

Structural Reform To Overcome Challenges

Reforming the areas of operation bases for the first time in 12 years

Establishment of a branch system

Placement of branches in four blocks nationwide

- ► Formulation and promotion of sales strategies that adapt to situations in the respective districts
- Speedy decision-making in response to business changes
- ▶ Proactive recruitment, development and promotion of human resources

Establishment of branches with headquarters functions in four places nationwide

West Japan Branch

Central Japan Branch

Drastic changes to the human resource recruitment scheme for the first time since the Company's foundation

Reforming educational systems in branches

Transferring the management of medical administration work and long term care qualification classes from the branches of the education business to those of the medical support and health care businesses

Expansion of operations

Recruitment of students

Guidance for employment

Acquisition of Human resources

- Increasing the number of branches from 51 to 98
- 51 of the education business branches will be dedicated to the language business.

Promotion of Globalization

FY2016 Earnings Forecasts Highlights

Growth businesses

China business

Net sales ¥16.2 billion Operating income ¥1.4 billion

Language business

Net sales ¥13.5 billion(+¥1.3 billion)
Operating loss ¥4.6 billion(+1.07 billion)

Long-term care business

Net sales ¥148.5 billion(+¥3.5 billion)
Operating income ¥11.6 billion(+0.1 billion)

Financial consolidation and service launches are expected to contribute significantly to medical support , long-term care, health care, child care and other businesses.

COCO Juku and COCO Juku Junior are expected to achieve net sales of 1,350 million yen and 650 million yen respectively. GABA is expected to achieve new record-high sales, while SELC is expected to post positive operating income.

The business is expected to restore the trend of increases in both sales and profits, absorbing reductions in long-term care remuneration.

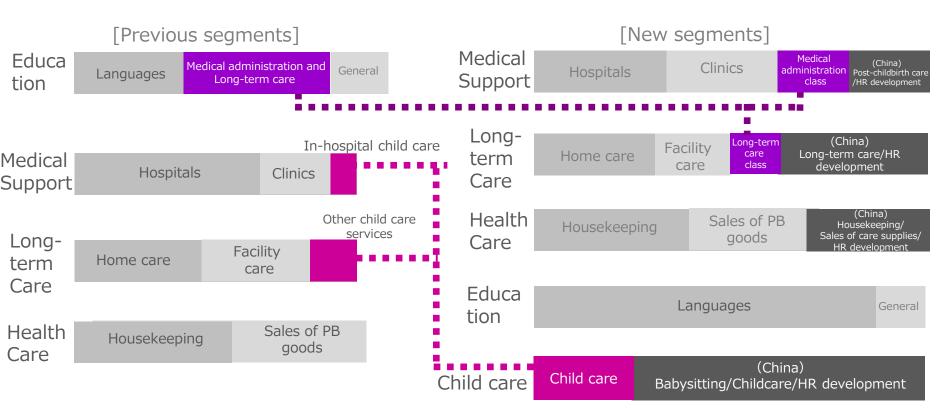

Businesses requiring improvements in profitability

| | Operating income | | | | | |
|---|------------------|---------------|----------------|--|--|--|
| | FY2014 | FY2015 | Changes | | | |
| Medical administration class | -¥2.1 billion | -¥1.8 billion | -¥2.1 billion | | | |
| Introductory class for care workers | -¥2.0 billion | -¥1.6 billion | -¥2.0 billion | | | |
| Subsidiary companies such as the Nihon Support Services Company | -¥0.36 billion | ¥0.0 billion | -¥0.36 billion | | | |

Segment Changes

Points

- Distributed the China business to the respective segments as new businesses
- Established child care as a new segment
- Concentrated advertising expenses for COCO Juku in the education segment
- Transferred the medical administration work classes and long-term care qualifications from the education business to the medical support and health care businesses
